

# WooCommerce Integration with Sage 100

## Connect with Confidence

An ecommerce solution that is dominating the market is WooCommerce, a free open source ecommerce plugin for WordPress.

WooCommerce offers a very flexible Application Programming Interface (API) and Sage 100 users can integrate just about any touch point.

## IN-SYNCH Features & Benefits

-  **Proven** – Mature, reliable, and bug-free
-  **Secure** – Data controlled within Sage 100
-  **Bidirectional** – Sync data between systems
-  **Real-time** – Automatic updates as they occur
-  **Lightning Fast** – Rapid data mirroring
-  **Independent** – Continuous operation during maintenance.

## Key Integration Points

Our WooCommerce integrations go from standard to very complex. We customize the integration to meet your business needs. **The following are touch points that are available with a WooCommerce integration:**

**Orders, Customers to Sage 100**

**Products (simple and complex) to WooCommerce**

**Tracking, Order Status, Inventory Quantities to WooCommerce**

**Sage 100 Invoice History Plug in**

**Purchase Orders, Credit Card Processing and Tokenization**

**Standard, Group, and Customer Specific Pricing to WooCommerce**

**And More!**
